

Blessings: Scents: The Four Blessings

Choose the correct smell blessing (Note that these blessings are not said on synthetic scents!):

- *Borei minei vesamim* Generic; this is the default blessing if you are not certain which category applies; also say this when smelling a mixture of scents;
- *Borei isvei vesamim* Plants which do not have stiff stems;
- *Borei atzei vesamim* Trees and stiff-stemmed plants (such as roses); and
- *Ha'notein rei'ach tov ba'peiros* Fragrant fruits, such as lemons and some *etrogs*.
