NON-SPICY/NON-CHARIF SOAKING: 24 HOURS OR MORE

Non-Spicy/Non-Charif Soaking: Transfers Taste to Utensil/Container

A non-spicy/non-<u>charif</u> liquid or food with any liquid (enough to pour, but that may be even one drop) that sits for 24 hours or more will transfer gender or non-<u>kosher</u> status to its container.

SITUATION Dairy or meat liquid-containing food is in pareve container.

STATUS Container will become *dairy* or meat (regardless of intention).

EXAMPLES

- Milk sitting in a pareve mug for 24 hours or more would make the pareve mug dairy.
- Chicken soup sitting in a *pareve* stoneware bowl for 24 hours or more would make the bowl meat.

NOTE This does not apply to any type of cold glass container and the food and the container remain *kosher*.

Non-Spicy/Non-Charif Non-Kosher Soaking: Makes Kosher Food Non-Kosher

Any non-spicy/non-*charif*, non-*kosher* food that soaks (in water or any other liquid) with *kosher* food for 24 hours or more will render the *kosher* food non-*kosher*.
