

SUKKA: OVERHANGS

Sukka: Overhangs: Vines/Trees

Vines or tree branches that overhang even a small part of a sukka may make it not kosher. A tree that overhangs a large part of the sukka invalidates the portion below the tree and may invalidate an entire side or even more. Consult a rabbi.

Sukka: Overhangs: Wood Structures

You may not normally use a sukka that has any wood structure such as a pergola/gazebo above the schach, but there are exceptions: ask a rabbi.

Sukka: Overhangs: Balconies

A sukka built under a balcony, even if the balcony is many stories above the sukka, is not kosher.

SITUATION

Only part of a sukka is under the balcony.

STATUS

To be kosher, the sukka must have a footprint at least 7 by 7 tefachim and must have at least three walls that are not under the balcony.

NOTE If you have only two walls with the overhanging balcony, consult a rabbi.

Sukka: Overhangs: Women and Children

Women and children of either gender may sit under an invalidated part of the sukka since they are not required to sit in the sukka at all. However, if they wish to say the blessing leisheiv baSukka, they must sit under a valid part of the sukka while they say the blessing. They must also eat at least 1.9 fl. oz. of bread or mezonot while under the valid part.
