

# TEFILIN: HOLINESS: TEFILIN BOXES

## **Tefilin: Holiness: Head and Arm Tefilin Boxes**

The box for holding the head tefila (tefila shel rosh) has a higher level of holiness than does the box for holding the arm tefila (tefila shel yad). You may not intentionally switch the boxes.

## **Tefilin: Holiness: Switching Boxes by Mistake**

If you inadvertently put the arm tefila (tefila shel yad) into the box for the tefila shel rosh, take it out and put it into its proper box.
