Choose the correct smell blessing (Note that these blessings are not said on synthetic scents!):

- Borei minei vesamim Generic; this is the default blessing if you are not certain which category applies; also say this when smelling a mixture of scents;
- Borei isvei vesamim Plants which do not have stiff stems;
- Borei atzei vesamim Trees and stiff-stemmed plants (such as roses); and
- Ha'notein rei'ach tov ba'peiros Fragrant fruits, such as lemons and some *etrogs*.
