

# Kiddush Levana: When To Say: Shabbat

You may say kiddush levana on Shabbat, if needed.

## EXAMPLES

- Shabbat is the last possible night that month to say kiddush levana.
- The forecast is for clouds for the other nights until it will be too late that month to say kiddush levana.

## NOTE

On Shabbat, say only the blessing of kiddush levana, not the psalms or other phrases (psukim).
