Jewish Festivals: Ending: Havdala: How Much To Drink

To fulfill the commandment of *havdala* (or *kiddush*), the person making *kiddush* must drink at least 2 fl. oz. (59 ml) within 30 seconds from the *kiddush* cup. However, drinking at least 4 fl. oz. (119 ml--a *revi'it*) from the *havdala* cup within 30 seconds allows you to say *bracha achrona*.
