Jewish Festivals: When You May Take a Painkiller

You may take a painkiller on the first day of *Jewish festivals* if the pain:

- Affects your entire body, or
- Keeps you awake.
- **NOTE** This also becomes the criterion for whether to take the pain killer during the daytime: if the pain you feel during the day would keep you awake if you were trying to sleep.
- NOTE You may take painkillers without any restrictions on the second <u>Jewish festival</u> day (except <u>Rosh Hashana</u>).
