How To Count Omer before Dark

The ideal time and way to count the *omer* is to wait until dark, stand up, say the blessing, and then count the *omer* for that day.

SITUATION You want to count the *omer* before dark (as is often done in *synagogues* at the end of *ma'ariv*).

STATUS Since the correct practice is to count the *omer* after dark, you should:

- Count again with a blessing sometime after dark, or else
- Count during the following day (but before sunset) without a blessing.

WHAT TO DO Do the counting without saying the blessing and make a condition (mentally or verbally, either is OK) that if you remember to count the *omer* again after dark, the first time you counted, does not count (!) Then, if you do remember after dark, say the blessing and count the *omer* for that day a second time.
