## Kashrut: Dairy/Meat: Dishwashers: Accidental Mix-up

**SITUATION** 

After washing a load of utensils of one gender in your dishwasher, you find an item of the opposite gender in your dishwasher.

**STATUS** 

- The single item is non-kosher.
- The remaining items will most likely be *kosher* (as long as the single item is less than 1/60th of the total volume of items and water in the dishwasher).
