## **JEWISH FESTIVALS: HEATERS**

## Jewish Festivals: Adjusting Heater

On Jewish festivals, you may adjust a heater with an analog thermostat:

- UP when running, and
- DOWN or OFF when not running.

REASON This is due to *grama*, which is permissible on *Jewish festivals* (but not on *Shabbat*).

NOTE You may not adjust a digital thermostat.

## **Jewish Festivals: Moving Electric Heater**

You may pick up and move an electric heater that is ON on Jewish festivals (and Shabbat) only if:

- You need the heat elsewhere, or
- You need to use the space where the heater is standing.

NOTE You may not unplug it.

## **Jewish Festivals: Moving Flame Heater**

Unlike on *Shabbat*, you may move a kerosene or other heater that has a flame burning on *Jewish festivals*.
