KASHERING: DISHWASHERS

Kashering a Dishwasher from Non-Kosher to Kosher

Dishwashers may generally not be *kashered* except when made of stainless steel (and have no non-kasherable materials inside, such as plastic, silicone, or rubber).

NOTE If the racks are not stainless steel or if they are coated with plastic or other substances, they may not be *kashered*.

Kashering a Dishwasher from Dairy to Meat, or Vice Versa

You may not *kasher* a dishwasher (even if it is stainless steel) from *dairy* to meat, or vice versa, in order to use the dishwasher for *dairy* and for meat utensils, even sequentially.
