

# KASHERING: DISHWASHERS

## **Kashering a Dishwasher from Non-Kosher to Kosher**

Dishwashers may generally not be kashered except when made of stainless steel (and have no non-kasherable materials inside, such as plastic, silicone, or rubber).

**NOTE** If the racks are not stainless steel or if they are coated with plastic or other substances, they may not be kashered.

## **Kashering a Dishwasher from Dairy to Meat, or Vice Versa**

You may not kasher a dishwasher (even if it is stainless steel) from dairy to meat, or vice versa, in order to use the dishwasher for dairy and for meat utensils, even sequentially.
