KASHRUT: ANIMALS: CONCEPTS: MASORET

Beheimot Do Not Need Masoret

Beheimot (4-legged *kosher* animals) do not need *masoret* (tradition passed from previous generations that something was *kosher*) to be identified as *kosher;* they just need to have split hooves and to chew their cud.

Fowl Must Have Masoret

Fowl must have *masoret* to be identified as *kosher*.
