SHABBAT: CANDLES: WHERE TO LIGHT

Shabbat: Candles: Lighting at Dinner Location

Light Shabbat candles wherever you will eat dinner.

NOTE

If eating elsewhere, do not light <u>Shabbat</u> candles at your own home unless you will be home for some period of time after dark while the candles are burning (otherwise you have made a <u>bracha l'vatala</u>). You must see the candles burning for at least one minute after dark (<u>tzeit ha'kochavim</u>).
