## **YASHAN: HALACHOT**

## When Grain Becomes Yashan

You may use grain as "yashan" after the first day of <u>chol ha'moed</u> Passover. "After" means the third day of Passover in <u>Eretz Yisrael</u> and the fourth day outside of <u>Eretz Yisrael</u>.

## **Yashan and Matza**

Matza is normally made from winter wheat and so does not normally have a question of being chadash.
